

Advance-Nilfisk Part

Advance-Nilfisk Part - Think about how tedious it will actually be to tidy up your very own home after having a large party, with out help from cleaning equipment. In the past, when carpets and upholstery had the dust beat out of them by hand; brooms, cleaning cloths and brushes were the state-of-the-art cleaning supplies during that time.

The founder of Nilfisk-Advance, P.A. Fisker, started as an electrical engineer who really liked to work on electrical motors. After starting his business in the year 1906, he began to produce motors to drive fans, machine tools, drills and coffee grinders. Mr. Fisker's dream from the beginning was to have a worldwide company advertising products internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented an amazing, ground breaking vacuum cleaner that can be operated by one individual for the reason that it only weighed 17.5 kilos! This creation came in a time where numerous cleaning machines were massive and required at least 4 operators, thus, the Nilfisk C1 transformed everything and evolved the method we clean forever. The genius behind these first cleaning machines remains unparalleled. Cleaning machines provide an excellent solution to an existing problem; things get filthy and have to be cleaned regularly, without a lot of effort.

Slowly but progressively, Nilfisk-Advance expanded throughout the years. During the nineteen eighties, this growth truly happened the time the company became a part of the NKT Group. Their new owners' determination and motivation made Nilfisk-Advance take a huge leap ahead within the business, aspiring to be amongst the biggest international players in the market of professional cleaning machines. Nilfisk-Advance is presently located in every part of the globe by gradually obtaining lots of smaller businesses in order to grow their product range and presence in new markets. They are proud to offer different cleaning solutions to fit each requirement.
